Distance Learning

Blackboard Update Date!

December 19, 2019
8:00pm

Distance Learning is in the process of upgrading Blackboard to the 9.1 2019 release with the latest Cumulative Update available. We do expect 16 hours of service interruption during the upgrade window.

Blackboard Upgrade Highlights

❖ **Collaborate Attendance Integration with Blackboard Learn**

Let Collaborate take attendance for you. In this Collaborate release, Blackboard Learn instructors can host a Collaborate session without tracking attendance manually.

❖ **New Originality Report available for SafeAssign integration**

The new Originality Report uses Blackboard's Ultra design philosophy and includes some new information about a submission's overall risk for being copied from another source.

35% of students, including those at the graduate-level, took at least one distance learning class in the Fall of 2018.

Source: U.S. Department of Education, National Center for Education Statistics

Of more than 20 million students enrolled at institutions nationwide in the fall of 2018, more than 3.2 million students enrolled in only distance education classes.
